

Level 7 NVQ Diploma in Construction Senior Management

The ProQual Level 7 Diploma in Construction Senior Management is aimed at senior managers in the construction industry working in a wide range of job roles.

In order to meet the assessment criteria candidates should be working in a policy-making director or senior management capacity. This can include roles such as Senior Project Manager, Contract Manager, Production Manager, Commercial Manager, Operations Manager or Specialist Construction Managers. Positive Safety Solutions will carry out an initial assessment of candidate skills and knowledge to identify any gaps and help plan the assessment.

To achieve the qualification candidates must complete 4 Mandatory units in Group A plus a minimum of six units from two optional groups from Group B.

Group A Mandatory Units

Unit Reference Number	Unit Title
K/615/1332	Manage teams in construction
